# About 750 Students Enroll In College For Winter Quarter

Activities Begin on Tuesday With Enrollment For All Classes

Classes

Activities at the College for the Winter quarter began Tuesday of this week when students returned to the institution for enrollment in the new term classes. Students had been in recess previous to Tuesday since the previous Wednesday afternoon—the close of the Fall quarter and the beginning of the Thanksgiving vacation.

Enrollment for the quarter will stand at about 750 by the end of this week. The total number of students who enrolled Tuesday was 663, of which a total of 559 enrolled through the hands of Mr. V. E. Bird, treasurer of the College board of regents. The remaining number of students, seventy-four, enrolled through the office of Mr. W. A. Rickenbrode, business manager of the College.

#### THE WINTER OUARTER

Enrollment for the new Winter quarter was completed at the College last Tuesday, and classes for the new term are already under way. In some respects, students look to the new quarter as one of the most unpleasant of the entire year, that is, as far as weather conditions are concerned. But cold, unpleasant weather, we believe should be an incentive for students to "settle down" a bit to some real, thorough study in a nice warm room inside the College library or their "homes" out in town.

In looking back over the past Fall quarter, we are aware of several accomplishments. Initially, we have-or should have-a great deal more of knowledge stored away for future use. Secondly, we have from five to ten or more hours completed on our degree. Thirdly, we have had a goodly amount of social life and entertainment. And fourthly, and perhaps as important as any of the preceding, we have made many new friendships which will be of lasting value to our lives.

As we look forward to the new quarter, we have the same things to look forward to, to a greater degree. It is hoped that all students in the College will make the most of the offerings of the Winter quarter.

#### USE GUEST CARDS

At a recent meeting of the Student Senate held in collaboration with the College social committee, many problems of a social nature pertaining to this institution were discussed. The subject arose concerning attendance of out-of-school persons at College dances and other social functions.

The social committee and all of the students in the College are glad to have out-of-school guests in attendance at social affairs at our institution. The only thing that the social authorities ask in return for granting a student the opportunity to invite an out-of-school guest is that the student let the College know who the guest will be and from where he comes.

For that purpose, the director of women's activities and social director of the College has prepared a set of cards which are termed "Guest Cards." Blanks are provided for students wishing to entertain a guest at one of the College's social functions to fill out concerning the guest, and any student who desires to have a guest here should make application on those forms. The matter will be appreciated by the social authorities of the College.

## WHY NOT AN M IN INTRA-MURALS?

Everybody loves a winner. Most school people like a successful athletic department. But too many of them are prone to put too much emphasis on but a small part of the athletic department, a football or basketball team.

Here at the College, for instance, championship laurels in those two sports have been few. But the same is true in all other schools, with rare exceptions. The Bearcats have just finished a non-spectacular football season. But how many, many other schools have done the same.

There is a great deal to be said, of course, for winning teams, but there is much more to be said for the other part of College athletics, intra-murals.

About forty men participate in football, approximately twenty in basketball. We have 780 students here. Last year, participation in intra-mural athletics was reported as nearly 100 per cent by E. A. Davis, head of the athletic department.

These are revealing statistics. If athletics are of benefit to any student, they are of benefit to all students, generally speaking. And certainly that part of the athletic program which includes the greatest number should have more credit than it usually gets.

It is now possible for only a few students to win varsity letters. Why wouldn't it be a good idea to give an M to each student making a given number of points in intra-mural events?

#### **ELECTIONS AGAIN**

Within the next week or two, the various classes in the College will be sending up their "trial balloons" for class office holdings. Seniors, juniors, sophomores and freshmen will nominate and elect representatives to the Student Senate for a certain period of time; the three upperclasses will elect a two term senator each, and the freshman class will elect two members to the Senate, with the power to vote for two quarter terms each.

The Student Senate, which is the official governing agency of the Student Government Association of the College to which each enrollee in the institution belongs, has functioned efficiently and without partisanship or bias so far this year. It would be well for the classes, in nominating their various members to this student council, to consider only the best men or women for the positions. There are some places where partisanship or favoritism or membership in some organization should not be considered, and one of those places is in the Student Senate, which functions for the good of the entire student body of the College and not primarily for some organization or organizations.

While the freshman class is electing its members to the Senate, it might be well if it would consider organizing itself as a class. In previous years, the freshman class has elected its president, vice-president, secretary and treasurer at the beginning of the school year. This year, however, it was decided by the class that it should wait for six weeks so that members could become better acquainted with other members. That was a fine idea, but we hardly believe that the class should have gone an entire quarter unorganized.

#### CAMPUS COMMENTS

In looking over the mythical all-M.I.A.A. football team for 1937, we see two Maryville Bearcats' names, Everett Richards, center, and Marion Rogers, guard. This team was picked by the Associated Press sports writers, in collaboration with the various coaches in the conference, and should be a fairly accurate estimate as to which players were the most outstanding in the M.I.A.A. this year. While offering congratulations to these outstanding players, we would add congratulations to three Bearcats whose names appeared on the Associated Press second all-M.I.A.A. conference eleven, John Zuchowski, end, Ed Molitoris, tackle, and Bill Bernau, half back.

While handing out orchids to various people, this newspaper does not hesitate to hand one to Rose Mae Fink, a freshman in the College who last week won the title of "Miss Maryville,1937," in a beauty contest sponsored by Maryville merchants. Orchids, also, to the other College beauties who were entered in the contest.

We understand that our three student-friends from the Philippine Islands are enjoying the snow which we have been enduring for the past week. We only hope that they continue to enjoy our winter weather and not become discouraged (and disgusted) with it as many of we "native Missourians and Iowans" are likely to do.

#### GRAD'S BASKETBALL TEAM UNDEFEATED IN 3 YEARS

E. M. McKee, a graduate of the College and superintendent and coach at Pilot Grove, Mo., high school, has just finished a successful basketball season with his squad, according to a letter received last week by Mr. A. H. Cooper, member of the department of education.

"We play a round robin schedule in the fall; some of the schools do not have an indoor court, including our own, so our season is over," Mr. McKee writes, He continues:

"Our school has not been defeated

in the conference for the past years, so we were doped to h about fourth place this year d graduation of five first team last year. You know there is old saying that a team is jus good as its reserve; well, we pa that by going out and winning consecutive victories this fall then went on to win the tournament. The group of entertainers will include the upperclass women's trio, composed Belle Ward, Bethany, Alice Woodside, Independence, and Helen Shipman, Mound City; Ruth Cofer, Fairfax, piano solist; Mynatt Breidenthal, Bethany, trombone soloist; and Donald Moyer, Harrisburg, Pa., trumpet soloist.

On the same day the same group will present programs in the high schools at Skidmore, Fairfax, and Craig. Later in the season, the group will make two trips to Maitland to present programs sponsored by the B. Z. N. club of that town to raise money to supply undernourished children of Maitland' schools with

### Filipino Students Talk At M.H.S.

Gloria Paz Santos and Virginia Benitiz, two of the three students in the College from the Philippine Islands, spoke to classes at the Maryville high school last week on their native islands.

Miss Lois Neff, graduate of the College and teacher of the eighth grade at the Maryville school, last week asked Miss Santos to speak to her geography class which at that time was studying about the Philippine Islands. The students had prepared a set of questions to ask Miss Santos concerning the customs and life in the Islands. She spoke to approximately 130 junior high and 20 senior high students.

Miss Benitiz was summoned to speak by the other half of the eighth

grade and one day the latter part of the week she spoke to the remaining 48 members of the class.

#### VISITS PARENTS

Miss Thelma Duncan spent the Thanksgiving vacation at the home of her parents, Rev. and Mrs. J. K. Duncan at Weston, Mo. Miss Duncan is an assistant to Mr. Herbert R. Dieterich, principal of the College high school.

A University of Minnesota freshman has had to say "Ugh," 97,000 times in the last few weeks. That one word is his entire speaking part in a play.

# Amazingly Low Prices!

The heavy, rough treads of these nationally known tires render them very desirable for Winter use. They grip the road...they "wear like iron" and, best of all, they are priced as low or lower than tires of inferior quality. The wisdom of buying a complete set now, lies in the savings effected and the services these tires represent.

## Trade in Your Old Tires

Your old tires have a cash value here; if used towards buying new ones. Drive in; let us remove your old tires and replace them with this famous make.

# Christmas Seals Sale At College

(Continued from page 1)
Association this year is the securing of Mr. Charles A. Frick, executive secretary for the Missouri Tuberculosis Association, to give a series of twenty-five lectures in the schools of Nodaway county. These lectures are illustrated with motion pictures, and are intensely interesting to the school children.

"We feel that this will do more than anything else we could have done to educate the youngsters in regard to the causes and prevention of tuberculosis. The lectures will be given to the schools of Nodaway county during the week of December 6 to 10."

In stating the things that the county association has already done this year made possible by the funds raised last year, was the sending of the "Health" magazine to every rural school in the county. "This magazine," Mr. Burr said, "is written especially for children and deals with the general problems of health and the prevention of disease with emphasis on the prevention of tuberculosis."

Mr. Burr concluded: "There is much work to be done in the county during the coming year. If everyone will help, we will be able to continue our work unhampered. We hope that you will be as generous as possible in purchasing seals this year."

# Rose Mae Fink Wins Local Merchants' Beauty Contest

Elizabeth Turner Wins Second; Virginia Lee and Bernice Owens
Tie for Third Place

Rose Mae Fink, Oregon, Mo., a freshmen in the College, last Thursday night won the title "Miss Maryville, 1937," at a beauty contest staged by Maryville merchants at the Missouri theatre. She was awarded first prize.

Miss Fink was selected from a field of thirty girls, residents of Maryville and surrounding territory and students in the College. She received as first place winner, a loving cup and a diamond ring.

Elizabeth Turner, Barnard, a junior in the College, was awarded second prize in the contest. She received a cosmetic set as her award. It will be remembered that Miss Turner was one of the four 1937 "Tower" beauty queens chosen last winter by Eddy Duchin, nationally known orchestra maestro.

In a tie for third place in the contest were two College women, Virginia Lee of Mound City, a freshman, and Bernice Owens, Maryville, also a freshman. Both women received compacts as prizes.

Elise Salmon, a junior in the College, tied with Miss Connie Jones,

a resident of Maryville, place in the contest and compact as her prize. It was awarded to Dorothy Joseph, a freshman in the and her prize was a part of the content of the
